A major progress check is an individualized report that lists your progress towards satisfaction of all University, College (including general education), and major requirements.

Students in available majors can run a degree audit at any time through GOLD, (click on 'Progress' at the top, then on 'Major and GE Progress Checks,' then click on the blue 'Degree Audit' tab). If you have any questions on anything in your major progress check, contact your College and/or major department adviser *immediately*.

Please consult the UCSB General Catalog for more information on all degree requirements.

General Information

- Each degree requirement is reported in one of three ways:

✔ OK University GPA Requirement	OK (satisfied, with a green check)
✖ No Unit Requirements	NO (not satisfied, with a red 'x')
ℹ Unit Summary	Information Only (with a blue 'i')

- Each degree sub-requirements is reported in one of three ways:

+ Current percent letter-graded units: (103.00 Units taken) 98.5 %	+ (satisfied)
− B. PSTAT 126 and 160A required. NEEDS 8.00 units	− (not satisfied)
* UCSB Courses: 49.00 Units Comp	* (information only)

- Most sub-requirements that are not satisfied will display how many courses and/or units are required to fulfill that sub-requirement.

```
 −     One methods course required. See major sheet for list
          of appropriate courses.
       NEEDS    4.00 units    1 Course
```

- Most sub-requirements that are satisfied will display the course/s that were used to fulfill that sub-requirement. In the case where a course was passed on the first attempt and subsequently repeated for a better grade, the first passed attempt will be applied to the sub-requirement. The subsequent attempt will be factored into the GPA calculation as appropriate.

```
 +     B. 3 courses from Comparative Literature.
          Courses applied:
       W13 C LIT    36    4.00 C+    GLOBAL HUMANITIES

- If you check this box, the major progress check will use any current work you have 'in-progress' (courses you are currently registered for at UCSB) towards fulfilling requirement areas. Please read the disclaimer carefully before running the check.

  > ☐ Use in-progress courses on my audit. By checking this box I acknowledge my understanding that a 'work-in-progress' audit includes courses that have not yet received final grades. I understand that requirements satisfied with in-progress courses may later revert to unsatisfied status if the courses are not taken and completed, or if the necessary grades are not earned. I also understand that for the purposes of this audit, any unresolved courses from previous quarters (including grades of 'I,' blank grades, etc.) will be included in the GPA calculations as if they were assigned grades of 'F'.

- When an audit is run using in-progress courses, the 'clock' icon will appear for any requirements that are satisfied using in-progress courses. Note that these requirements may later revert to unsatisfied status if the courses are not completed or if the necessary grades are not earned.
